Rock of Hope

A Campaign to Bring
Cancer Care to Castle Rock

World-Class,
Compassionate
Cancer Care,
Close to Home

 **centura** Castle Rock Adventist
Hospital Foundation

Creating a Rock of Hope for Our Community

Every year in Castle Rock and surrounding areas, hundreds of people are diagnosed with cancer.

As our community grows, that number is projected to climb into the thousands. Yet, we do not have a facility in town equipped to treat them. **The time has come to bring cancer care to Castle Rock for our neighbors, our loved ones, and ourselves.**

Generous donor support will enable us to become a **Rock of Hope** for our community. Castle Rock Adventist Hospital will provide world class, compassionate care to our patients and their families.

Centura is investing nearly \$50 million and your philanthropic support will continue to help us accelerate our goal and timeline!

Why Rock of Hope?

“Rock of Hope” communicates the anchoring role that cancer care plays in meeting the health needs of our growing community and our aspirations at Castle Rock Adventist Hospital to be a beacon of hope for cancer patients.

Just like the emblematic star that shines over our Castle Rock community in times of celebration—our vision to bring comprehensive cancer care close to home illuminates new hope in the fight against cancer.

Together, we will:

BUILD a center where infusion therapy will be administered through high quality, experienced, compassionate, multi-disciplinary care from a team of experts.

DELIVER exceptional care complemented by services that address the unique emotional, nutritional and behavioral health needs of patients and their families.

PROVIDE leading edge technology that delivers radiation therapy with maximum precision, reducing treatment time.

ATTRACT medical and radiation oncologists providing expert patient-focused, coordinated care.

Yes, I want to help bring cancer care to Castle Rock!

- \$5,000* \$500
 \$2,500 \$100
 \$1,000 Other: \$ _____

* Gifts of \$5,000 and greater will be recognized on a donor wall within the Cancer Center.
